## CLUB HOUSE VANDALIZED...

We wonder why? What does someone get out of destroying another's property? Sometime between Friday evening, February 22, and Saturday morning February 23 our club house was vandalized. Breaking a rear door to gain entry, they proceeded to the rear of the interior and broke into three locked room. Once inside these rooms they knocked everything off the shelves onto the floor. After taking what they wanted they sprayed fire extinguishers onto the walls, floor, into the cooler; through the kitchen; covering just about everything in the building with the white powder. After contacting police and the insurance company, a cleaning crew came in Tuesday morning and worked till Friday afternoon to clean up the unbelievable MESS.
